### The ROADMAP

\*Communities that need the most help are those that lack broadband leadership

\*\*We call it a Broadband ACTION Team, not a Broadband COMPLAINING Team

2

2

Community Survey

**Welcome to the Broadband Survey**  
The City of Anacortes is exploring building a community broadband network. Complete our short survey to help us understand your interest.

Select the Area closest to your desired Service Location:  
Anacortes City Limits  
South Fidalgo Island

**Get Faster Internet First**  
By taking our survey and ordering services, you show us where demand for our services is greatest. If our technical assessment ensures

**Getting Fiber is a Team Effort**  
We need pre-committed customers to justify building our network in your neighborhood. The best way to get service faster is to spread the

**Benefits of Fiber-optics**  
Fiber-optics is the best technology for delivering internet service to homes and businesses. Fiber Internet is more than 100x faster than what
