Funding Opportunities

	Traditional Programs	Broadband Programs
Funding Cycle	<i>Open!</i>	<i>Open!</i>
Funds Available	Construction: \$221 M Preconstruction: \$7.25 M Emergency: \$7.25 M	Construction: \$13.5 M Emergency: \$5 M
Dates Funds Awarded	Construction: August 5, 2023 Preconstruction: September 2023 and quarterly thereafter Emergency: open until funds expended	Construction: December 2, 2023 Emergency: open until funds expended

3

Public Works Board 23-25 Legislative Priorities

Ensure current revenue diversions sunset June 30, 2023.

- No new diversions from the Public Works Assistance Account (PWAA).
- Loan repayments continue to return to the account so it revolves as intended.

Appropriate \$400M from the PWAA for PWB funding cycles.

- During previous three funding cycles, the PWB awarded \$242M to 113 qualifying projects, leaving 129 qualifying projects seeking \$269M unfunded.

Appropriate \$490K from the PWAA to map SYNC investments.

- Visualizing investments in relation to equity and climate resilience indicators demonstrates accountability, improves coordination of financial and technical assistance, and supports capacity building in distressed areas of the state.

Town of Washtucna

9

Innovative Infrastructure Study

Recommendation #1: Ensure flexible funding.

Recommendation #2: Encourage strategic partnerships.

Recommendation #3: Solicit subject matter expertise for project selection and to mentor and monitor pilot projects.

Recommendation #4: Build on existing policy priorities for public health and safety, sustainability, economics and **equity**.

www.pwb.wa.gov    

10

CHALLENGES	STRATEGIES
Access to Capital	Dedicated flexible funding for pilot projects
Equity & Environmental Justice	Community representation and co-governance requirements; wealth creation and local jobs
Lack of Regulatory Flexibility or Guidance	Regulatory and scientific expertise in project selection
Administrative & Technical Capacity	Prioritize planning efforts to support pilot concept or technical assistance
Risk Tolerance	Explore options for managing and accepting risk in partnership with community

11

What's Next

Traditional Programs FY2024 After Action Review
 Continuous improvement

Traditional Programs FY2025 cycle:
 Open in 2024
 Traditional infrastructure systems
 Innovations within traditional systems
 Equity
 Climate resilience

Broadband Programs Cycles:
 Emergency (open until funds expended)
 Federal funding (subrecipient?)
