(1) For the purpose of considering any application for a license to produce, process, research, transport, or deliver cannabis, useable cannabis, cannabis concentrates, or cannabis-infused products subject to the regulations established under RCW [69.50.385](#), or sell cannabis, or for the renewal of a license to produce, process, research, transport, or deliver cannabis, useable cannabis, cannabis concentrates, or cannabis-infused products subject to the regulations established under RCW [69.50.385](#), or sell cannabis, the board must conduct a comprehensive, fair, and impartial evaluation of the applications timely received.

(a) The board may cause an inspection of the premises to be made, and may inquire into all matters in connection with the construction and operation of the premises. For the purpose of reviewing any application for a license and for considering the denial, suspension, revocation, cancellation, or renewal or denial thereof, of any license, the board may consider any prior criminal arrests or convictions of the applicant, any public safety administrative violation history record with the board, and a criminal history record information check. The board may submit the criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The board must require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation. The provisions of RCW [9.95.240](#) and of chapter [9.96A](#) RCW do not apply to these cases. Subject to the provisions of this section, the board may, in its discretion, grant or deny the renewal or license applied for. Denial may be based on, without limitation, the existence of chronic illegal activity documented in objections submitted pursuant to subsections (7)(c) and (10) of this section. Authority to approve an uncontested or unopposed license may be granted by the board to any staff member the board designates in writing. Conditions for granting this authority must be adopted by rule.

(b) No license of any kind may be issued to:

- (i) A person under the age of twenty-one years;
- (ii) A person doing business as a sole proprietor who has not lawfully resided in the state for at least six months prior to applying to receive a license;
- (iii) A partnership, employee cooperative, association, nonprofit corporation, or corporation unless formed under the laws of this state, and unless all of the members thereof are qualified to obtain a license as provided in this section; or
- (iv) A person whose place of business is conducted by a manager or agent, unless the manager or agent possesses the same qualifications required of the licensee.

(2)(a) The board may, in its discretion, subject to RCW [43.05.160](#), [69.50.563](#), [69.50.562](#), [69.50.334](#), and [69.50.342](#)(3) suspend or cancel any license; and all protections of the licensee from criminal or civil sanctions under

state law for producing, processing, researching, or selling cannabis, cannabis concentrates, useable cannabis, or cannabis-infused products thereunder must be suspended or terminated, as the case may be.

(b) The board must immediately suspend the license of a person who has been certified pursuant to RCW [74.20A.320](#) by the department of social and health services as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license is automatic upon the board's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order.

(c) The board may request the appointment of administrative law judges under chapter [34.12](#) RCW who shall have power to administer oaths, issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents, and testimony, examine witnesses, receive testimony in any inquiry, investigation, hearing, or proceeding in any part of the state, and consider mitigating and aggravating circumstances in any case and deviate from any prescribed penalty, under rules the board may adopt.

(d) Witnesses must be allowed fees and mileage each way to and from any inquiry, investigation, hearing, or proceeding at the rate authorized by RCW [34.05.446](#). Fees need not be paid in advance of appearance of witnesses to testify or to produce books, records, or other legal evidence.

(e) In case of disobedience of any person to comply with the order of the board or a subpoena issued by the board, or any of its members, or administrative law judges, or on the refusal of a witness to testify to any matter regarding which he or she may be lawfully interrogated, the judge of the superior court of the county in which the person resides, on application of any member of the board or administrative law judge, compels obedience by contempt proceedings, as in the case of disobedience of the requirements of a subpoena issued from said court or a refusal to testify therein.

(3) Upon receipt of notice of the suspension or cancellation of a license, the licensee must forthwith deliver up the license to the board. Where the license has been suspended only, the board must return the license to the licensee at the expiration or termination of the period of suspension. The board must notify all other licensees in the county where the subject licensee has its premises of the suspension or cancellation of the license; and no other licensee or employee of another licensee may allow or cause any cannabis, cannabis concentrates, useable cannabis, or cannabis-infused products to be delivered to or for any person at the premises of the subject licensee.

(4) Every license issued under this chapter is subject to all conditions and restrictions imposed by this chapter or by rules adopted by the board to implement and enforce this chapter. All conditions and restrictions imposed by the board in the issuance of an individual license must be listed on the face of the individual license along with the trade name, address, and expiration date.

(5) Every licensee must post and keep posted its license, or licenses, in a conspicuous place on the premises.

(6) No licensee may employ any person under the age of twenty-one years.

(7)(a) Before the board issues a new or renewed license to an applicant it must give notice of the application to the chief executive officer of the incorporated city or town, if the application is for a license within an incorporated city or town, or to the

The board may extend the time period for submitting written objections upon request from the authority notified by the board.

(c) The written objections must include a statement of all facts upon which the objections are based, and in case written objections are filed, the city or town or county legislative authority may request, and the board may in its discretion hold, a hearing subject to the applicable provisions of Title [34](#) RCW. If the board makes an initial decision to deny a license or renewal based on the written objections of an incorporated city or town or county legislative authority, the applicant may request a hearing subject to the applicable provisions of Title [34](#) RCW. If a hearing is held at the request of the applicant, board representatives must present and defend the board's initial decision to deny a license or renewal.

(d) Upon the granting of a license under this title the board must send written notification to the chief executive officer of the incorporated city or town in which the license is granted, or to the county legislative authority if the license is granted outside the boundaries of incorporated cities or towns.

(b) A city, county, or town may permit the licensing of premises within one thousand feet but not less than one hundred feet of the facilities described in (a) of this subsection, except elementary schools, secondary schools, and playgrounds, by enacting an ordinance authorizing such distance reduction, provided that such distance reduction will not negatively impact the jurisdiction's civil regulatory enforcement, criminal law enforcement interests, public safety, or public health.

(ii) Is inaccessible to the public and no part of the operation of the facility is in view of the general public; and

(iii) Bears no advertising or signage indicating that it is a cannabis research facility.
